

Deer Lake First Nation

# Survey of Deer Lake First Nation Band Members Report - July 2014

Peter Campbell, Franz Seibel, Brian Beaton, Susan O'Donnell  
Keewaytinook Okimakanak and University of New Brunswick

# Survey background

- 69 responses from Deer Lake Band members
- Survey conducted in February-March 2014 by Keewaytinook Okimakanak (KO) and University of New Brunswick (UNB)
- Invitations sent by Facebook, email, posters, in-person
- KO-KORI community researchers employed
- In total, 237 responses from members of the 6 KO First Nations

# + Purpose of survey report

- This survey report is for Deer Lake First Nation leadership and band members
- A short poster report was also made
- The survey research can:
  - ◆ promote community awareness
  - ◆ help develop strategies for community development
  - ◆ identify potential future research collaborations

# + Presentation of survey report

- KORI and UNB research team presenting report as part of a visit to Deer Lake in July 2014
- Community members invited to give feedback and ideas for the next stage of the research
- Community visits include interviews with Deer Lake community members
- Focus of interviews is training, teaching and learning

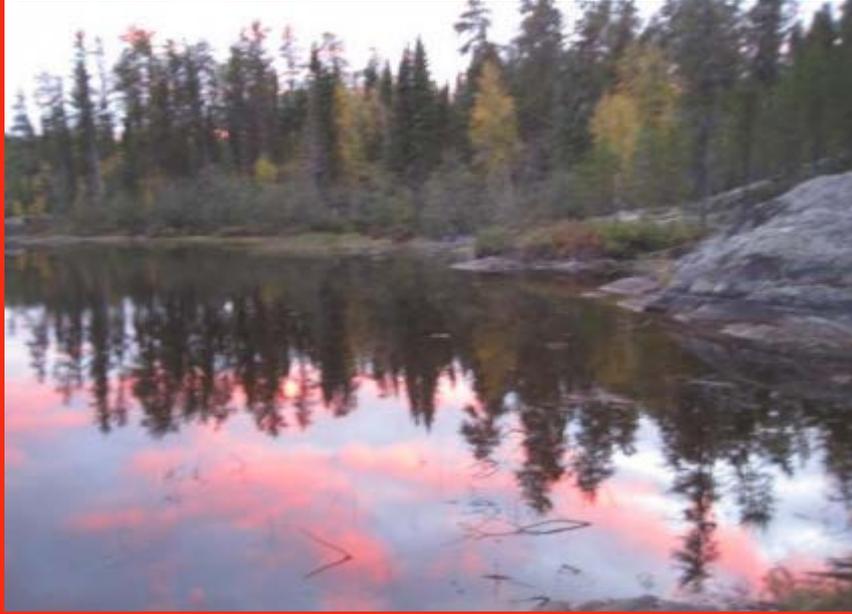

# + Training, teaching & learning a strong theme of survey responses

- Many community members identified a need for training, especially for youth
- Focused both on skills training and traditional skills
- Teaching land-based activities a recurring comment
- Almost half (46%) of KO community members need more training to use technology effectively

1	improved public works, have to pay the guys cash afterhours to do their job	3/30/2014 1:45 PM
2	I would like to see more cell phones offered in our community ... To buy	3/28/2014 1:50 PM
3	Different kind of phones	3/28/2014 6:46 AM
4	I use Internet most... To get online resources to use for my classroom Cell - just once in awhile- buying mins is very expensive and not always available. Public works- I drive the road every day... I get water and sewage taken out... Better service could be made possible for water and sewage- weekend service!	3/27/2014 8:21 PM
5	get the fibre optics at full power	3/27/2014 4:39 PM
6	We need tutors for high school students! Provide rides for the students. We need a new garbage dump site away from the community. Need someone responsible to sell cell phone minutes as well!	3/27/2014 4:09 PM
7	im a gamer so , waiting on the fibre optics , faster internet ;)	3/27/2014 2:26 PM
8	ldk	3/27/2014 1:52 PM
9	Need to get a place to buy cell minutes... People sell 10dollar phonecards for 15 dollars and thats not fair	3/27/2014 1:51 PM
10	KO should have some high school services in the Rez.	3/27/2014 1:31 PM
11	well for me i mostly use the internet, for work and Email work related, also I use Knet mobile cell phone for only important phone calls	3/18/2014 9:03 PM
12	i have no experience with these services	3/18/2014 6:46 PM
13	I would like to see those that live in the outside community gather in one big feast, atleast once or twice a year. There are members of the First Nation community that can't go back due to doctors orders, it be nice that the chief and council join and organize one. Just to feel at home seeing familiar faces.	3/17/2014 6:08 PM
14	K MOBLIE cheap cell phones	3/6/2014 4:36 PM
15	More workshops for students in Job shadowing.	3/6/2014 3:50 PM

16	no change, just keep doing what you have been doing.	3/5/2014 4:38 PM
17	More jobs	3/1/2014 2:34 AM
18	very convenient	2/19/2014 7:10 PM
19	Faster internet.	2/19/2014 1:28 AM
20	Health- i like goin when they host a ladies or men community kitchen.. Its allways fun.	2/19/2014 12:17 AM
21	Internet is slow but they were bringing fibre optic into the community ..yay! The cell service I find to be too expensive.. So I stop using the k mobile on the rez	2/18/2014 6:27 PM
22	that Ko really helps our communities	2/18/2014 6:20 PM
23	I say the monthly charges for cell phones are too much, it would be better to lower it. Knowing there are a lot of people in KO communities using them it would probably get a lot more people to use it wen fee is lowered... As it feels that wen we load our cell phones we are only paying the fee than have to buy another cell phone card just to have minutes in them.. And people in reserves aren't rich to pay \$12 a month especially people depending on welfare and child tax every month .	2/18/2014 6:04 PM
24	KOSSS-- it says"off-reserve support for high school students) I would like to see better support systems in place. My son was living on reserve and attending elementary school. Then he moved in with me in Sioux Lookout where he was told he cannot be in elementary due to his age and automatically put into high school. Like boom he was put into high school from grade 8 within days. I contacted Robbie Kakekamic and was told..that since he came from Deer Lake and we have a high school curriculum there, they are not able to help out my son. But being a single mother and having two other children school supplies are not even provided to help assist us. In a way I would like to see more options available anyone else that would come across to this situation. We were informed that a back pack just to start him off would be given. I think they should come up with some exceptions this students for people living off reserve with their children in high school.	2/18/2014 5:38 PM
25	all of these services are great,i wouldn't change a thing.	2/18/2014 5:09 PM
26	I am working under KO right now. I am the Youth CAP worker.	2/18/2014 4:36 PM
27	think everyone of these services would great for all first nations if everyone knows about this but don't think everyone knows but again im not sure peoples knows	2/18/2014 4:31 PM
28	I don't live in Deer Lake so I don't receive a lot of these services. I do enjoy the webinar type workshops.	2/18/2014 11:43 AM
29	Hardly use em except for the mobile and community cell services. Would be nice to use the cell services in Manitoba too.	2/16/2014 3:13 PM
30	KOTM telemedicine has done a lot for the people in communities by cutting out the unnecessary travels for patients to see their doctors out of town just for a follow up appointment.	2/14/2014 3:24 PM
31	I would like to see the fiber optic high speed internet in our community.	2/13/2014 11:17 AM
32	still waiting for the fast internet service,,telehealth is great for the pt,s and kihs is good for the students that don't wanna go out,	2/12/2014 5:10 PM
33	K Mobile Make more affordable cell plans and to offer knet cellphone minutes in our reserve.	2/12/2014 3:28 PM
34	I dont know maybe get more word or posters about it.	2/11/2014 12:49 PM
35	Id like to see KO have more i touch with their communities.	2/10/2014 2:28 PM
36	DONNOT KNOW	2/10/2014 12:58 PM
37	faster internet so we can use more programs at the school.	2/7/2014 5:32 PM

## e-Community in KO First Nations

38	I use these services daily and learn new skills to assist me in my work, they are resources i depend on to carry me forward in my day to day work shedule,, this is the future work structure and will need to be recognised as such, not legislated away nor to reduce and take away from communities becuase of its usefulness, but i guess thats the mandate of this days governments is to see the work of this tribal council reduced to where it is no longer a threat!	2/6/2014 12:35 PM
39	Better severis with cell phone,s sometime,s it,s off for aweek,,	2/5/2014 7:29 PM
40	would be nice to have people living off Reserves to have some access to some services or know more about what goes on in the Communities	2/5/2014 6:22 PM
41	I would like to see more of the chief and councillors get more involved with everything.. They are so anattached to their own community , only dealing with their own family members..	2/5/2014 3:25 AM
42	When did you ever provide any of these high school services for off-reserves? Your internet is shit on the reserves and the cellphones are a complete rip off!	2/4/2014 11:57 PM
43	Need a faster connection for Internet. Need more information about these services that are being offered.	2/4/2014 9:21 PM
44	I got a cell phone...only...just get a hold of my family and emergency...	2/4/2014 9:21 PM
45	Internet could be a little faster, I hate having to wait so long for something to load because of the slow connections. The connection is bad during the day because everyone uses it but late at night around 2am its quick. But I would love for the Internet to be high-speed, like in the cities. Cell Service, maybe have more coverage having it work in wide ranges. Im not sure what else to say about the other topics. KOSS maybe for young adults having more opportunity to finish high school. KiHS and Wahsa (Distant Ed) is hard for people to learn and get it done. Im at 21 year old and need 5 credits to graduate and I find it hard because KO wont accept to fund me, Id love to bring my son along with me because I dont have much help. But would love to be in a classroom and learning like they do in high school, I find it more easier but expensive to do it on my own.	2/4/2014 8:54 PM
46	bigger class for KIHS and time schedule.. one for younger student and adults, like I work during the days and would like to go to class but never have time, so evening class would be great!	2/4/2014 5:18 PM
47	I like the fact that these services are readily available and easily accessible.	2/4/2014 4:59 PM
48	a 24 hr cell hotline for trouble shooting. an automated attendant to upload mins using a Visa, Visa debit,Pre-paid visa/Mastercard.	2/4/2014 11:37 AM
49	..	2/4/2014 10:20 AM
50	I like the service but improvements can be made on all that i use daily.	2/4/2014 7:03 AM
51	there good especially the cellphone services	2/3/2014 1:23 PM

## Q18 Your First Nation cell service (KMobile): do you agree or disagree?

Answered: 57 Skipped: 12

- I am a KMobile customer now.
- KMobile is the best mobile service for remote First Nations.
- KMobile is less expensive to use than a fixed home phone.
- In the next year, I plan to use the KMobile service.
- KMobile offers safety and security when being out on the land.
- KMobile is an important service in our community.

- The quality of KIHS education is the same as that of a high school in the city.
- KIHS students receive an excellent education.
- In the next year, I will likely recommend KIHS to someone.
- KIHS should have more capacity / more students in my community.
- The KIHS web site provides important information for me.

1	Students need to be provided with a transportation! They don't like to walk in the cold cold morning	3/27/2014 4:35 PM
2	First time for my house hold starting mar.17, 2114	3/5/2014 4:59 PM
3	KIHS is an option for students who cannot make it out of town for school due to homesickness, drinking, drugs and getting into trouble. It provides a safe environment for students to ensure that they pass their grade level	2/6/2014 12:41 PM
4	While I attend KIHS, some links didnt work your mentor in the community that gets sent to a community might not know much and its basically like do it on your own. I didnt like it and I would prefer a school where the teacher would be there to teach everyone the same thing & be easier to have that one on one.	2/4/2014 9:11 PM

## Q21 Your First Nation telemedicine service (KOTM): do you agree or disagree?

41	easy to access to use, ask when they ask for help, meaning the community...willing to help out and training is avaiable...	2/4/2014 10:30 PM

## e-Community in KO First Nations

42	I would like technology services to be almost up to par with the rest of Canada and it to be affordable. I like the fact that we have cable/cell phone/Internet services available in our community as it is very useful for emergency situations, researching, keeping up with news, and keeping in touch with family that live elsewhere. Technology is nice but there should be a limit on how much our young people should use and depend on it as it leads to inactivity. Physical activity is important. So many things I could write but I'll leave it at that :),	2/4/2014 9:57 PM
43	I would like the internet to be faster & the community channels to have more! ?	2/4/2014 9:18 PM
